

WORDPRESS WEBSITE MANAGEMENT PORTFOLIO

Prepared by **Fatima Tanveer** | WordPress Content Management | Website Updates | On-Page SEO

Portfolio Overview

This document organizes the website URLs supplied for a professional portfolio reference. It highlights the type of website management work relevant to WordPress content operations, page organization, content updates, website presentation, and foundational on-page SEO.

Website Management Page and content updates	**Content Operations** Formatting and organization	**On-Page SEO** Titles, descriptions, headings

Website directory: **58 unique website URLs** (duplicate entries removed). Each website name below links to its live URL.

Portfolio accuracy note: The cover artwork is an illustrative WordPress-themed graphic, not a screenshot of any listed live website. The directory records the URLs provided; it does not independently verify ownership, access, or the exact tasks performed on each website. Only present websites as client work if you are authorized to showcase them and the description accurately reflects your contribution.

Website Portfolio Directory

Select a website name to open the live website. The list is arranged for easy review and GitHub sharing.
